"If you want your
mankini back, Borat,
come and get it!"

"I presume you were expecting a pot of gold and a leprechaun?"

SOPHIE HOWARD!

Hi Sophie! It's summertime, so what are your plans? I'm going on a hen do to Magaluf soon. We're all dressing in Ann Summers cheerleader outfits

– I can't wait to shake my pom-poms! I'm also going to Ibiza.

Do you get naughtier when you go away? I tend to get up to naughtier stuff because nobody knows me! If people start recognising me, I have to stop, but it's easier to get away with stuff when I'm away.

What do you love most about summertime? The lack of clothes is the number one thing. And when the sun comes out, everyone starts drinking and is just dead happy.

Does the sun make you friskier? Yes, a lot friskier! I suppose everyone wears less clothes and is nice and tanned so people are just looking better. I definitely have more sex in the summer – in winter, I just want to stay fully clothed!

Have you ever done the deed underwater? No! But that's what I'm planning for this holiday. Ha-ha! The sea's too salty and the pool has chlorine, so I'll have to do my research to see where's best.

Do you check out other babes on the beach? Oh yeah, I love it when other women look good! If I see someone who looks great in a bikini, I'll just appreciate it.

What's the sexiest kind of beachwear? I like the ['60s Bond girl] Ursula Andress kind of bikini, with sort of chunky bottoms and a top – when she came out of the sea wearing it in *Dr No*, it was hot!

If you owned your own nudist beach, who would you invite to it? I'd do a competition in *Nuts* to get some readers in. Just people who are up for having fun, though! I'd also invite Lucy, Michelle, Rosie, Eva and all the rest! It would be great!

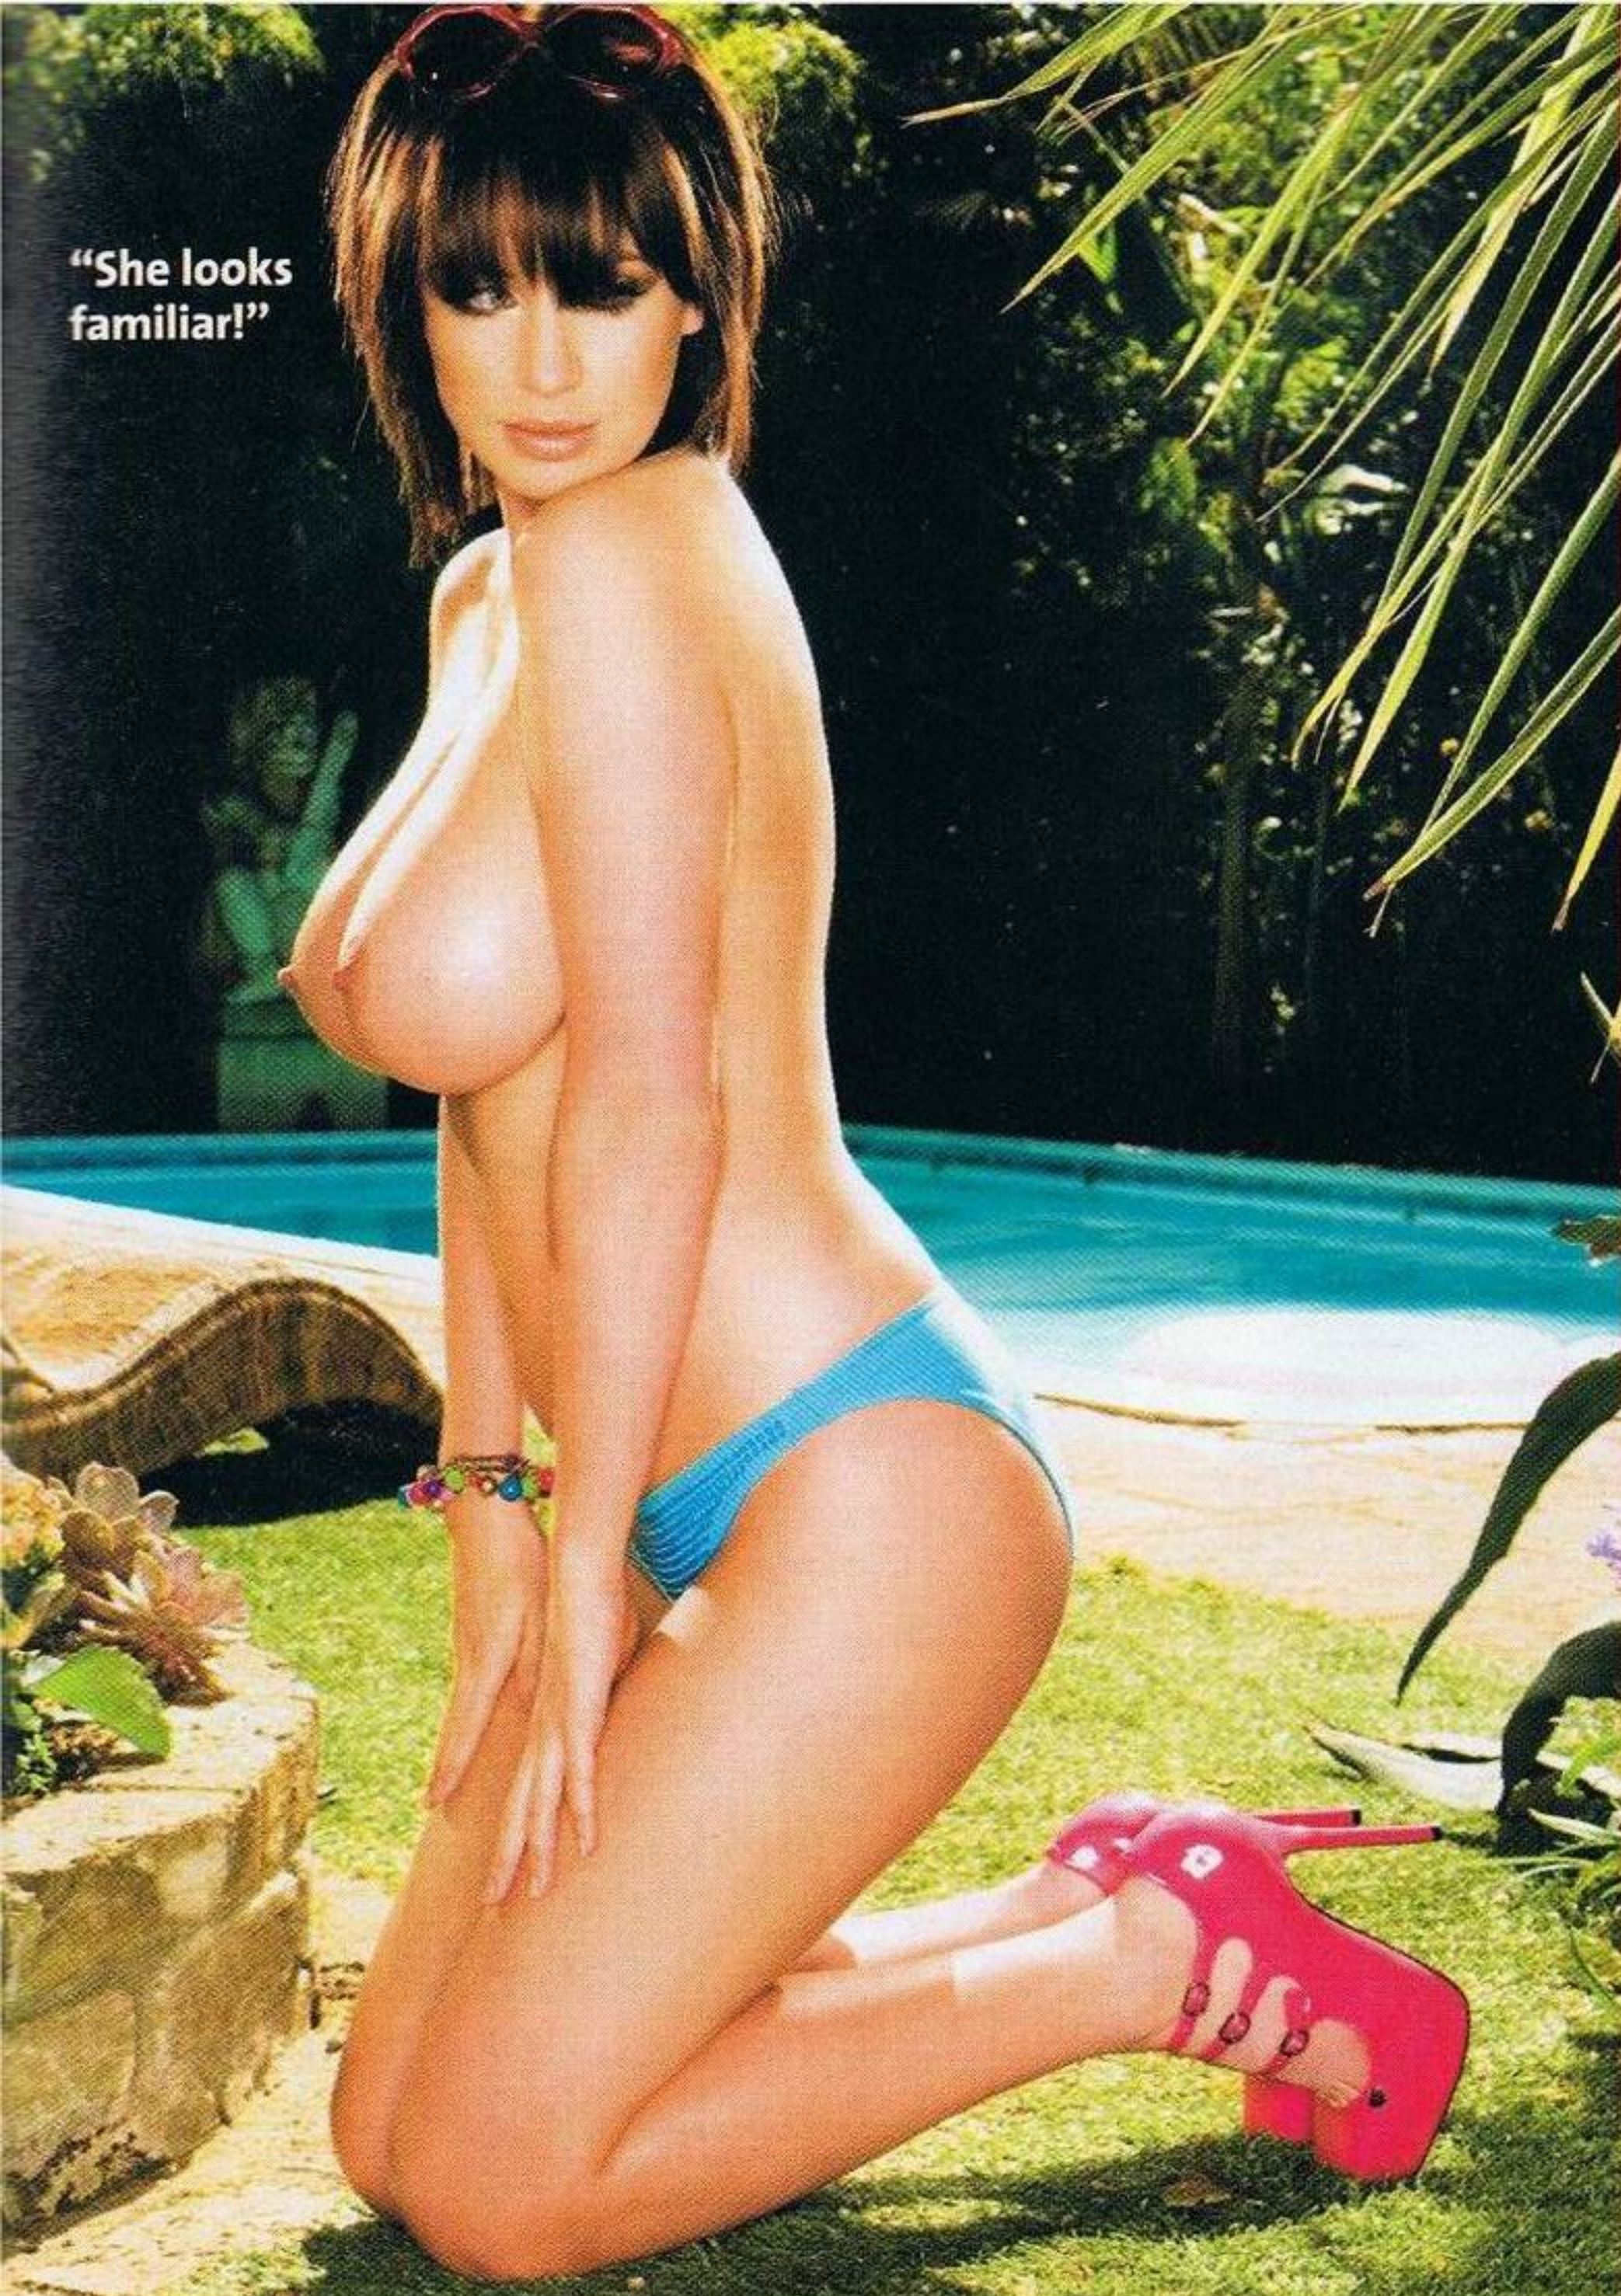

What kind of beach bloke do you go for? I love a bit of chub. I'm a bit of a feeder. Ha-ha! I just want to lie on the beach in my bikini next to a man and feed him all day! ➡

EMMA FRAIN!

Hi Emma! What are you up to this summer? I'm going to Portugal in August, but that's miles away. I want another holiday soon!

What do you love most about the summer? I just love the sun! It puts everyone in a good mood. You can wear vests, shorts and flip-flops – I live in flip-flops, so it's great for me. I think people are generally sexier in the summer.

When was the last time you were naked outside? The day before yesterday. I was with my friends and it was sunny, so I got naked. Our garden's covered and no one else can see, plus I was lying on my front so just my bum was exposed!

Have you ever been caught naked outside? Not completely, but when I was on holiday with friends once, we were on our way home from a bar in just our knickers and we jumped into a pool! Security were shouting at us so we ran away – I don't know what they were saying!

Have you ever been naughty in the great outdoors? I have, but it was quite a while ago. It was in a park. It wasn't anything too bad, but it was definitely saucy! I like a bit of outdoors action. One of my fantasies is to have sex on a beach – although someone told me you can die if you have sex in the sea!

Maybe if you get eaten by a shark!

How could a Nuts reader persuade their girlfriend to sunbathe topless? Show them the girls in *Nuts* and say, "If you sunbathe topless, you'll look the same!" Plus, if a lady's sunbathing with a top on, she'll get white marks, which looks weird!

What bit of your body do you most like to expose in the summer? I love being tanned and having beautiful brown boobs. They just always look better in the sun – mine seem to get perkier, anyway! ➔

KITTY LEA!

Hi Kitty! Summertime's nearly here – any big plans? Yeah, I might be going to Majorca at the end of the week and I'm thinking about doing a trip to Dubai with friends.

Nice. When was the last time you were naked outside? Yesterday. I wasn't completely naked as such, but I was sunbathing in some little beach shorts and a little top that I'd rolled down. I didn't show too much in case my neighbours saw! **If you looked out of your back window and saw someone in your garden – who would you most like to see?** Emma Frain!

If she was sunbathing topless out there, would you go out and join her? Yes, definitely.

Would you help her rub in some sun cream? Of course!

Do you find that the sunshine and being outside makes you friskier and up for more outdoor sexiness?

It does in a way, because you're warm but in the same way, if it's too hot, you get hot and bothered.

So you're more of a cool weather girl? Definitely. But I don't like it too cold or hot, I like it in between.

What kind of stuff do you wear at the beach? A bikini. But not one of those little thong ones – you get a nice tan on your bum but I think it's a bit much for everyone else!

Have you ever had sex underwater? No, but I'd love to try it one day!

Do you like to look at other ladies on the beach? I don't rate them or anything like that but if someone's got a good body, I'll tell them.

What bit of your body do you most like to expose in the summertime?

That's tough but probably my legs. I don't think they're too bad at all.

Do you tan well? Well, I usually put loads of fake tan on – but I just end up with streaks everywhere!

GEORGINA DARBY!

"As soon as I took my top off, it just started spraying everywhere!"

Hi Georgina! It's summertime. What have you got planned? I'm going to Bulgaria. I'm not sure how nice that'll be. I'm also going away with my mates for a girly holiday, which will involve plenty of fun

every night and lots of acting like fools!

What's the wildest thing you've done on holiday?

I've been skinny-dipping a few times! Me and my mate were in Tenerife one year and after a night out, we took all our clothes off and jumped in the pool!

When was the last time you were naked outdoors?

Sunday. I went to Brighton beach for a day out with my mate and I didn't even have anything to drink, so I can't blame that. She just told me to take my clothes off, so I did! It's that easy to get me to take my clothes off. Ha-ha!

Who would you most like to find naked in your garden?

Simon Cowell. I don't know why, but there's just something about him. His £50million in the bank helps!

Does the sunshine make you friskier?

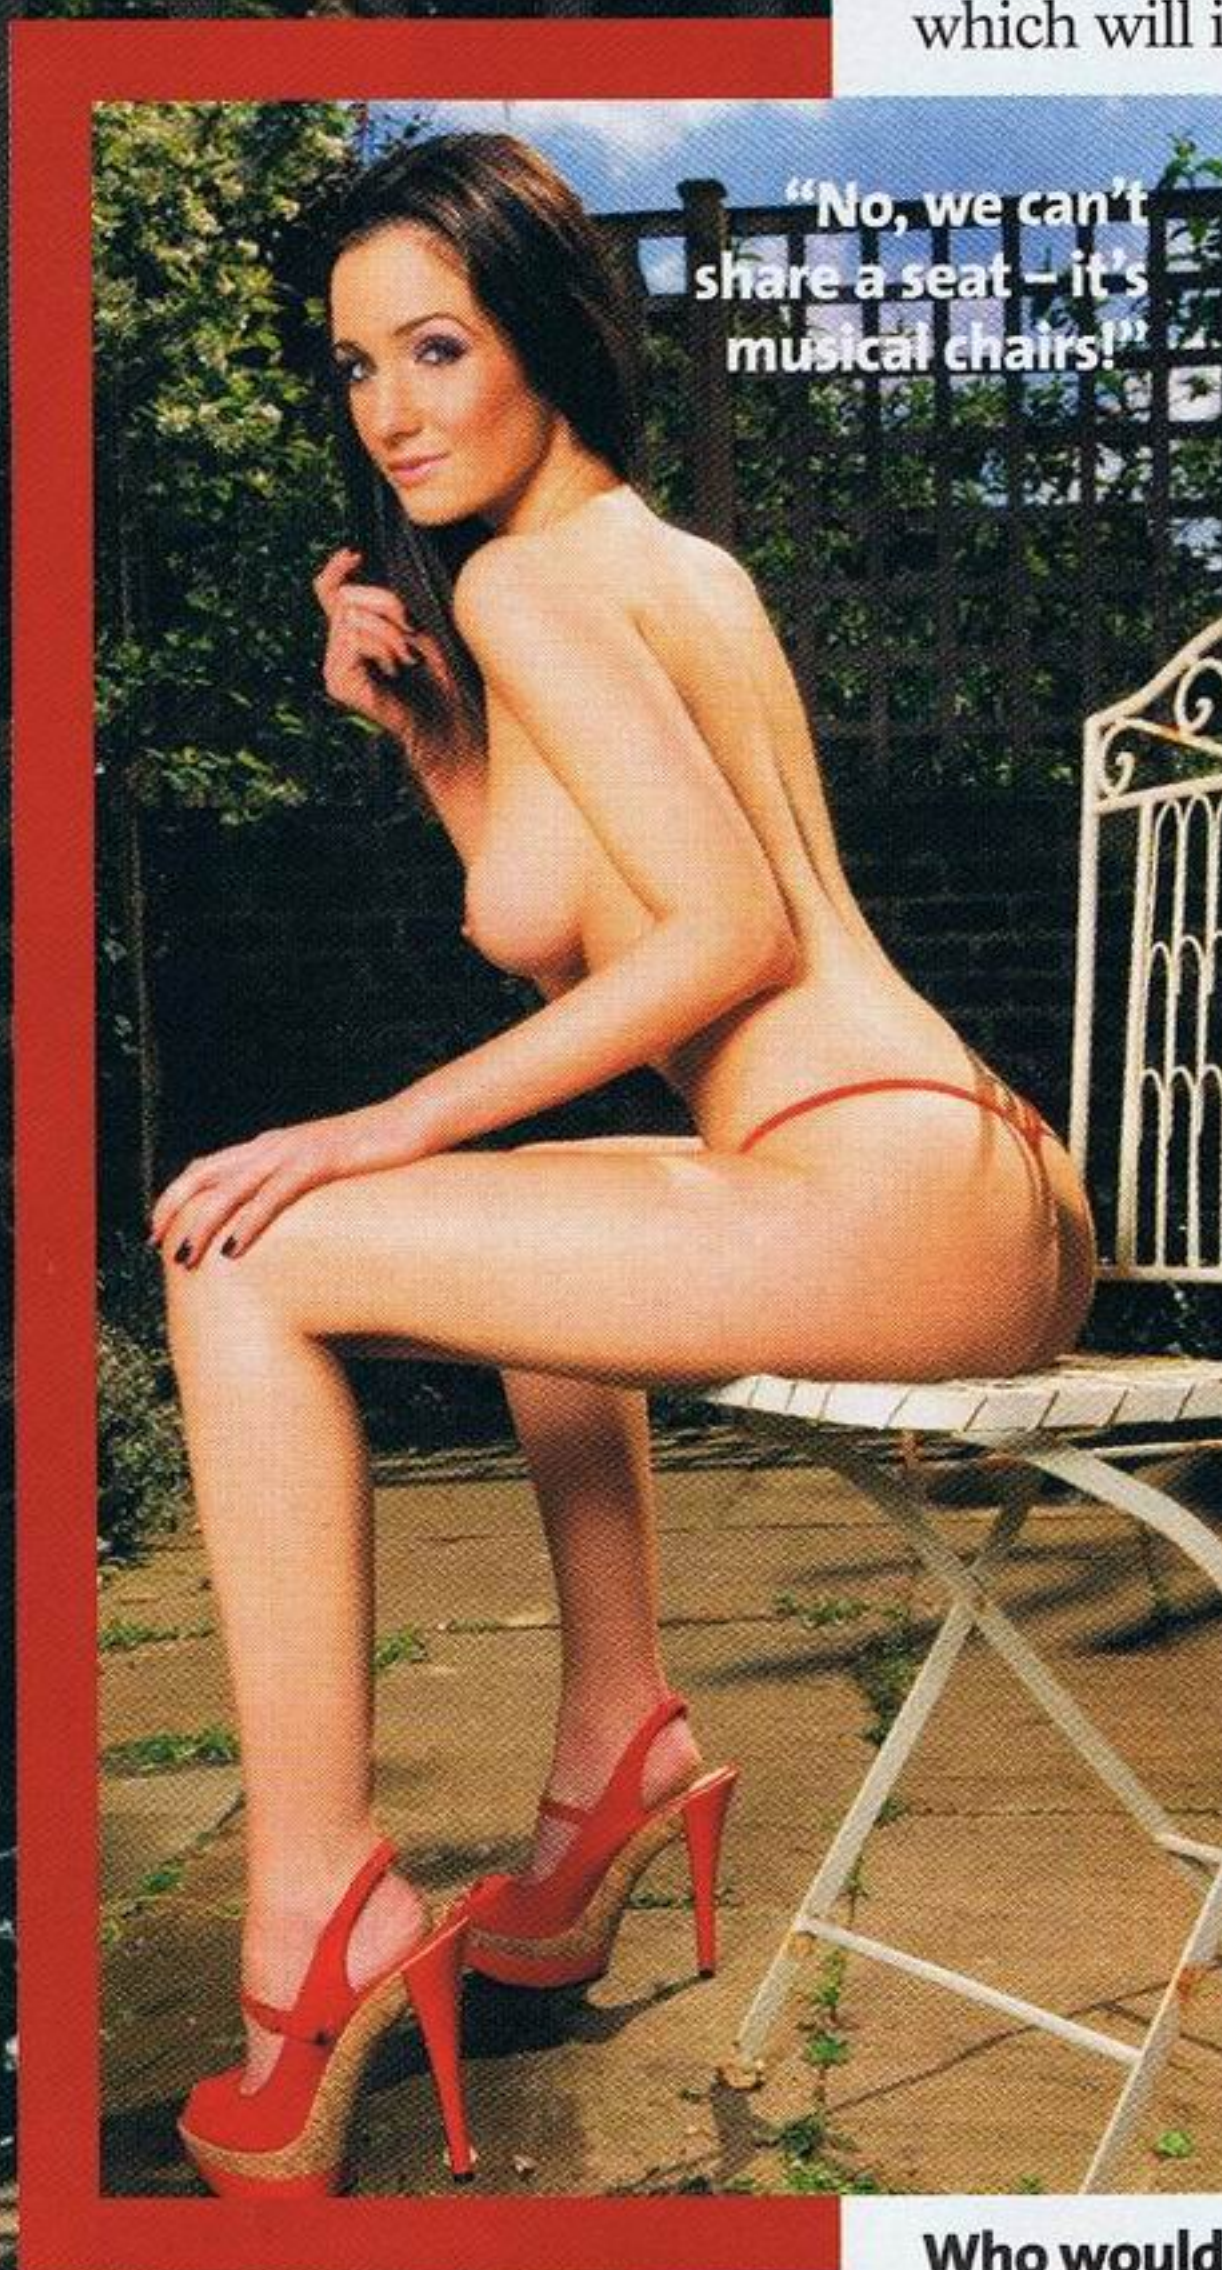

Yeah! It's hot, so you want a few drinks and once you've had a few, you're even hornier! I've lost a few items of clothing on nights out!

What item of clothing is the quickest to take off?

A dress. You just pull it up over your head and off you go.

Have you ever got it on underwater?

Yeah, in the sea. It was very good. I don't like it in the pool because of the chlorine, but the sea's great! ■

"No, we can't share a seat - it's musical chairs!"

SOPHIE READE

Santa's beard
was badly in
need of a trim

Sophie once turned down a date with Cristiano Ronaldo! The footy ace told her, "You're my dream girl!" at a Cheshire bar. But she showed him the red card!

It was a very low cloud

Sophie first applied to appear on BB when she was 17, but the show's producers rejected her for being too young!

Sophie's boobs are so big, it's virtually impossible for her to sleep on the floor! She tried it in the *Big Brother* house but was left in tears by the trauma of it all.

Sophie loves sunbathing topless and has unleashed her boobs in Wales, Brighton and Blackpool. "If I'm on the beach, they just come out!" she says.

Unsurprisingly, the window cleaner lost his footing

"My face is up
here, boys!"

Sophie is so proud of her 30GG
boobs, she's named them! "I call them
Mary-Kate and Ashley," she tells us.

Sophie's
favourite
food is pizza
(hooray!) and her
favourite drink is
wine (boo!).

Sophie's favourite kind of work? "There's nothing more appealing to a man than two girls in a shoot together," she says. And she's right!

Sophie once scored with England footy star Jermain Defoe, even confiding to her pals that the Spurs striker was "the one" when they were dating!

Sophie's proudest achievement was raising over £10,000 for Britain's armed forces by jumping out of a plane. So not only is she sexy, she's generous, too! What a woman!

Feeling worn out? Well, apparently, Sophie's boobs make the perfect pillow! "They're soft and comfy," she says, "so if a man is tired, why not?" We can feel our eyes drooping. Sophie!
